## HUD Objectors Converge on P&Z

The first step in blocking a proposed Department of Housing and Urban Development approved apartment complex was taken Monday night by the Planning and Zoning Commission. Commissioners recommended that the City Council call a joint public hearing at the earliest possible moment (Nov. 30 or Dec. 1) to consider rezoning two tracts of land for retail use.

Currently zoned PD-8-MF-1 and PD-10-MF-2, the property which is located on the northwest and southwest corners of the Park Boulevard-Avenue N intersection is the proposed site of two HUD projects.

The southern tract failed to get funding approval for this year, but the northern property is designated for 144 units of low income housing. HUD is now processing paperwork to approve a mortgage insurance for developers and a rent subsidy for tenants.

Larry Waggoner, spokesman for those favoring the rezoning, never mentioned HUD or the proposed low income housing project, merely citing "varied reasons" for the request.

After presenting the names of 1,751 persons opposed to the project, he testified that property values would be depressed if the land is developed as a multi-family use.

Waggoner also cited the social impact on overcrowded schools and inadequate recreational facilities. He added that "an apartment complex is not the most beautiful building in the world."

Noting that he had "never seen so eloquent a comment" as the collection of signatures, Vice Chairman Lionel Berry accepted the petitions and acknowledged the presence of a crowd in excess of 200 people. The council chamber seats only 70 visitors.

In other action, commissioners asked the staff to prepare an ordinance providing for the review of previously approved site plans if development is not begun in a reasonable amount of time.

Apparently directed in particular against an office tract in west Plano, the ordinance will be presented to the commission in January.

Jim Edwards who proposed the review did not stipulate when the site plans should be reviewed, but Berry urged that no plans be "grandfathered."

A grandfather clause would allow any site plan approved prior to passage of the ordinance to be exempt from review.

Assistant City Manager Al Dougal pointed out that it is not unreasonable to review a site plan which has been approved for six years when the city feels a need to review the master plan after only three years.

A tract north of the northwest corner of the FM 544-Custer Road intersection would seem to be a prime target of the ordinance.

A site plan on PD-32-0, approved in 1973, provides for one and two story office buildings, two access openings on Greenway Drive and a living screen on the north and west sides of the tract.

The new owner, Tony Harwath, now wants to rezone the property to retail and is using the existing site plan as a bargaining tool with nearby residents. An ecological group, Save Open Space, has also informally challenged the validity of the site plan.

The Harwath case has not come before the commission or council, although representatives have met with the residents and SOS.

Commissioners also granted Dr. Don Ekvall a special use permit for a veterinary clinic on Park Boulevard

about 300 feet west of Coit Road.

Although the property is currently zoned for agriculture, Edwards and Robert Thompson expressed fears that the clinic may induce additional retail zoning to the area.

In the only other contested vote, commissioners agreed 3-2 to allow accessory buildings on the rear lot line, if they are at least 15 feet from the main structure, except where no alley exists. If the building is within three feet of the rear lot line, it must be screened.

Berry and Bob McCurley opposed the change stressing that the city already has a good, workable ordinance dealing with accessory buildings. The same split was retained when the commission tabled a section dealing with buildings located in side yards.

Gaining unanimous approval were the rezoning of the 544 Place subdivision for planned development to allow a 25-foot building line and a change to the zoning ordinance requiring a front yard of 20 feet in

heavy commercial, light industrial and heavy industrial districts.

Other items gaining approval from all five commissioners were the site plans and final plats of CenCor I and II, the final plat of McCollum addition and the revised final plat, final plat and preliminary plat of Town West I, II and III.

Berry presided at the meeting in the absence of Dick Hickman who resigned last week. Hickman has moved to Richardson.—PAM TROBOY

Showing their support for the rezoning of two tracts of land, about 150 people Monday night crowded into a council chamber designed for 70. Many others stood in the lobby, although the public address system was not working. Larry Waggoner who was spokesman for the crowd said the people were concerned about dropping property values, overcrowded schools and inadequate

recreational facilities if apartments are built on the land. The Planning and Zoning Commission recommended that a public hearing be held with the City Council at the earliest possible moment to discuss the case. (Staff photo by Mike Newman).

## Public Hearing Set On Beer-Wine Sales

By PAM TROBOY

Going over the head of the City Council, Planning and Zoning Commissioners Monday night voted to call a public hearing to formulate further restrictions on the sale of beer and wine—an action the council has already ruled out.

In a questionable move legally, Jim Edwards asked that a hearing be held on Dec. 1 to consider the "reasonable control" of the sale of the beverages.

Although the commission had not posted notice that the matter would be discussed, all five members voted for the motion. Two other non-posted items also carried unanimously.

The Texas Open Meeting Law requires that written notice of the date, hour, place and subject of each governmental meeting be posted at least 72 hours except in case of emergency when two hours is sufficient.

When questioned about the three unposted items, Vice Chairman Lionel Berry, who presided following the resignation of Chairman Dick Hickman last week, said that "if there was a violation it was inadvertent."

Stressing that he did not wish to be in error, Berry added that he thought the commission was allowed to vote since it really took no action on any zoning case.

The other two votes involved requests for additional ordinances to be presented to the commission. Both motions were made by Bob McCurley.

Commissioners agreed to ask the council to authorize the preparation of a landscaping ordinance and to ask the staff to prepare an amendment to the zoning ordinance forbidding single family homes in apartment or duplex districts.

When Edwards made his motion to call the public hearing, he noted that "many people are concerned about the lack of a hearing which was agreed to in an open meeting."

The council had agreed after a joint work session with the commission to hold two public hearings on possible sale restrictions; but last month on a

split decision council members agreed that there were no restrictions that could be imposed, so the hearings were waived.

That decision is expected to be ratified at the Nov. 14 council meeting. If the ordinance is formally adopted, applications for off premise consumption permits can be made on Nov. 15 to the county judge.

Edwards said later that he was aware of the council action only to the extent of "what I read in the newspapers." Declining to address the intent of the council, Edwards said his intent was to "try to deal with the public interest."

## Courthouse-Jail

# County Complex Costs Rise

Collin County Commissioners approved a \$6,288 addition to the new courthouse-jail complex at Monday's court meeting.

The bulk of the change order resulted from a Consumer Product Safety Commission edict that all doors with glass or glass adjacent to

doors be changed to tempered glass.

Rich Morgan of Jarvis Putty Jarvis Architects explained that 18 different doors or elevator doors in the complex were affected by the new requirement, resulting in an additional \$5,670. A State Jail Standards Commission ruling required a \$522 change for the movement of jail cameras, and two elevator switches in the jail were added at a cost of \$96.

The approved \$6,288 change order was the fourteenth since construction on the \$7 million-plus facility began.

In other action yesterday morning, commissioners decided on a group reimbursing method of unemployment insurance for county employees.

## James Sides Will Assist Hill Campaign

Texas Attorney General and gubernatorial candidate John Hill announced today the appointment of James Sides of Plano as his campaign coordinator for Collin County.

A current member of the city's Planning and Zoning Commission and former City Councilman, Sides has helped Hill several times in setting up receptions for supporters in Plano. He is also serving on the John Hill Campaign Finance Committee.

Sides asked that persons wishing to help in Hill's campaign for governor call Sides at 424-6165 or 436-2568.

State law has mandated that, as of Jan. 1, 1978, all non-elected county employees (full and parttime) will be covered by such insurance. The Texas Association of Counties suggested three primary options to finance the cost of unemployment.

The method chosen by Collin County Commissioners is based on a group account fund established by the Texas Association of Counties with the Texas Employment Commission.

The TAC fund will require each participating county to pay .8 percent of its base payroll quarterly for 1978 and 1979 for the purpose of establishing a fund balance and reserve to protect members and earn interest.

All monies received and claims paid will be identified by county. After an adequate reserve is established and information gathered on each member's (county's) claims experience, the fund will bill quarterly based on individual merit rating.

The other options included a tax method by which the county would pay a quarterly amount of 1 percent of their base payroll up to \$6,000 per employee. The second option was an individual reimbursing method by which the county would have paid for benefits actually paid to former employees up to 18 months after an employee leaves for any reason.

County Judge Nathan E. White Jr. estimated the cost of the accepted group plan at approximately \$10,000.

Auditor Bill Eubanks pointed out that a lawsuit has been filed concerning the constitutionality of the state law that requires the unemployment insurance for county em-

ployees and noted that even though the plan was adopted, it might not be put into effect depending upon the outcome of the lawsuit.

Bids from Darr Equipment Co. were accepted for a track loader (\$35,500) and wheel loader (\$39,500) for Precinct 2. Darr did not submit the low bid on either loader, but Commissioner Bay Sellers noted that specifications were not met by the companies underbidding Darr Equipment.

The bid for seal coat on Stone Road near Wylie, also in Precinct 2, went to Evans Construction of Rockwall, which underbid H.E. Astleford of Plano by offering 38 cents per square yard of precoat rock compared to Astleford's bid of 70 cents.

Precinct 4 Commissioner Chuck Frisk received permission to advertise for bids for two dump trucks and one pickup truck for his precinct.

Danville Water Supply Corporation was permitted by commissioners to lay a water line along east side of the Collin County Youth Park and Arapaho East Inc. was granted permission to lay a water line along county right-of-way in the Wylie area.

A tax refund in the amount of \$24.30 was awarded to Walter P. Bomar and commissioners also okayed minutes from their last meeting and financial transactions from the previous week.

## Few People Should Vote In Election

Today's election on seven proposed constitutional amendments has aroused little interest among Texas voters and officials expected a small turnout.

Officials in the secretary of state's office Monday predicted only 700,000 Texans, about 12 percent of the state's 5.8 million registered voters, will vote.

Turnout in some areas may be increased by other issues.

Voters today also were to decide a mayor's race in Houston, special legislative races in El Paso, Austin, Dallas and El Paso, and bond elections to fund a mass transit system in San Antonio, construction of new jails in Dallas and Travis counties, and expansion of a hospital in Scurry County to help turnout in those areas.

Texas' constitution has been amended 221 times in 101 years.

## Karate Chop Ends Date's Kiss Hopes

A Friday night date didn't end as a "gentleman" had planned.

When he took his companion home, he tried to kiss her and when she refused, hit the 33-year-old woman. Unfortunately for him, however, the karate instructor returned with a kick in the jaw which possibly broke the bone.

The woman has filed an assault report with the police against the Richardson resident.

## \$5 Art Show

Maxine Moody prepares her acrylic paintings for the Plano Art Association's annual \$5 Art Show, planned for Saturday at Prairie Creek Shopping Center from 10 a.m.-5 p.m. Part of the proceeds will be used for a \$200 art scholarship to a graduating Plano senior. Also on sale at the show will be original hand-silkscreened Christmas cards and note cards. (Staff photo)

## Suit Questions Legality Of Massage Ordinance

Two massage parlor owners and two masseuses have sued the Collin County Commissioners, Judge, Sheriff and District Attorney in regard to a massage parlor ordinance passed Sept. 12.

Robert New of Body Shoppe Massage and William Abel of April's Massage, along with Lydia Taylor and Mary Ann Lee "on behalf of themselves and all others similarly situated," have filed the suit against all commissioners, Judge Nathan E. White Jr., Sheriff Jerry Burton and DA Tom O'Connell "in their official capacities."

Among other restrictions which

cover hours of operation, sanitation requirements and clothing guidelines, the Collin County ordinance prohibits massage parlor employees from massaging members of the opposite sex.

The Collin County law is virtually identical to an ordinance passed last summer by the Dallas County Commissioners Court.

"I felt like, when we adopted Dallas' ordinance, that if it were challenged it would be brought first against Dallas," claimed Judge White.

Court proceedings have been set for Nov. 28 in federal district court in Sherman.

## Planned Parenthood I&R Center Assisted

(EDITOR'S NOTE: This is the third in a series of four articles on the Plano Service League.)

Plano Service League members serve regularly at the switchboard of the Information and Referral Center, helping callers determine which local agency can best suit their needs, as well as answering questions about social services in Plano.

Member Florence Shapiro served on the task force committee to develop the guidelines for the center, and members have been supportive of the agency since its inception.

Pat Evans, Susan Fowler, Helen Herrin, June Wadley

and Della Whisenant currently serve on the staff, which is headed by a salaried, part-time director and made up of 30 trained volunteers. Volunteers take calls at the center (422-1850), provide the requested information or referrals, document all requests and develop new resource material.

The league also has donated equipment to the center.

A voluntary action program to link volunteers in the community with agencies needing volunteer help is now in the planning stages.

Another service of the league volunteers is the Planned Parenthood agency

at 111 Ave. H. Janet Hall, Michele Hefner, Joan Reaves, Carolyn Dickey, Joan Biggerstaff and Linda Wilson volunteer their hours and effort at the center, which offers services in family planning, health education, cancer and blood pressure screening and personal counseling.

At present, the volunteer program is being expanded and is now including training in patient orientation and health.

## Modeling Offered At Dusty Dean's

Dusty Dean has opened Dusty's School of Modeling offering private, semi-private and class lessons for students at 101 E. Lamar in McKinney.

Stressing that her classes will be more than superficial charm courses, Mrs. Dean said that "in order to be successful in today's world and get ahead there is one thing we have to have and that is self-confidence."

"Everybody on earth is shy and unsure in some way. We want to help the young as well as the mature woman to have self-confidence and to

help bring out the talent that is in every girl and woman, that is to be a 'model lady.'"

Modeling courses at Dusty's will cover pageantry for girls, runway techniques, pivots, formal and informal chromatic make-up and international modeling techniques.

Mrs. Dean received her training at the Philadelphia School of Modeling and became head director for the Robert Spence School of Modeling there.

Later she held the same position with the Patricia Stevens Career College in Dallas which became the Dallas Fashion Merchandising College in the Apparel Mart. She has worked as the exclusive model for Jonathan Logan of Dallas and for Trix Woods Original Hats.

In addition, Mrs. Dean has modeled for Neiman-Marcus, Titche's and Sanger-Harris and has appeared in television commercials.

Since there will be a limit to the number of students in modeling classes, early enrollment is encouraged. For further information, contact Mrs. Dean at 1-542-0414.

### At Airport Marina

## Crisis Institute Set

A National Institute on Training in Crisis Intervention will be held Nov. 14-18 at the Airport Marina Hotel, Dallas-Fort Worth Regional Airport.

Sponsored by the National Conference of Christians and Jews, Dallas-North Texas Chapter, and the American Academy of Crisis Intervention, the conference will teach "Emotional First Aid," or techniques of crisis intervention to participants.

The institute will provide professionals and para-professionals in law enforcement, corrections, mental health, medicine, clergy, education, counseling and business, among many others, an opportunity to learn techniques of crisis resolution that offer a first aid treatment for emotional upsets before they deteriorate into situations of violence or self-destruction.

All training will be done under the direction of experienced crisis specialists. The institute will provide the

opportunity for participants to interact in a learning environment with others concerned with crisis management.

Participants will be given experiences in, and information on, designing crisis training programs which can be set up in their own agencies, institutions or businesses.

Upon completion of the institute, participants will demonstrate ability to set disputants or sufferers at ease, zero in on the

solvable problems and help the individuals in crisis to achieve workable solutions.

Fee for the institute is \$195 which includes tuition, materials and textbook. Registration deadline is Nov. 10. Send name, organization, title and-or position, address and check payable to American Academy of Crisis Intervention to AACI, Western Office, 3147 Berrymeade Lane, Dallas, TX 75234; or call 241-5593 for more information.

## IRS Wants Helpers

Groups looking for a community service project may want to consider participating in the Volunteer Income Tax Assistance (VITA) Program sponsored by the Internal Revenue Service.

Volunteers will be trained in basic income tax preparation so that they will be able to help low income

and elderly taxpayers during the filing period (between January and mid-April).

To volunteer or to receive additional information call Internal Revenue Service in Dallas at 742-2440. For calls outside the Dallas area call toll-free 1-800-492-4830, and ask for VITA.

## The time you give to yourself can be the most important time to your child.

Sometimes you stay so busy taking care of your child's needs that you overlook your own. That's why you should know about "Mother's Day Out" at National Child Care. National gives you time—something there's usually too little of. And time means a chance to get back in touch with yourself. And since you can give him more of yourself when there's more to give, you're enriching both of you.

When you give him National Child Care, you're opening the world of Discovery before him. National's Discovery programs have been designed to challenge your child's imagination and stimulate his love of learning. Through group play and educational activities he'll discover friendship and sharing. And, most importantly, develop a positive self-concept, one of the most precious gifts you can give him.

So, bring your child to National Child Care. "Mother's Day Out" drop-in service is available, as well as full-time enrollment programs. Whether it's a half-day, a full day, or every day at National, your child will make discoveries he'll carry the rest of his life. And while he's busy discovering his own world, you can take the time to rediscover yours.

# Eagle Girls Finish In Third Place Tie

## Three Team Members Named All-District

Allen's girls volleyball team finished in a tie for third place in the district race as the Eagles ended their season Saturday with a loss to both Wylie and Red Oak.

Three members of the volleyball team won district honors. Tracie Lewis was named to first team All-district, Missy Bankhead was named to the second team All-district and Toni

Hedgecox received Honorable Mention.

Allen Coach Shelia Holland is already planning for next years team which will return all but one of

there players.

"We're all looking forward to next year, because with only losing one player and now that they're use to playing together as a team we plan on having a great season," said Coach Holland.

In their first match Saturday, the girls dropped two straight games to Wylie, 9-15 and 2-15. Kelly Turner was the leading scorer in the first game with five points. In the second game it was Missy Bankhead getting both of the points the Eagles had.

A couple of hours later the girls started out good against Red Oak as they won 15-8, but they dropped the next one 15-12 and in the final match the girls were defeated 6-15.

Scoring leaders for the girls in the first game were Kelly Turner with four points, Bankhead and Belinda Season with three points each. Toni Hedgecox took the honors in the second game with five points and Sekeena White was next in line with four points.

Bankhead was the scoring

leader in the third game picking up half of the six points registered by the Eagles.

"We could have won the match against Red Oak and possibly Wylie, but with Tracie injured we couldn't get many sets to our spikers and this hurt our game," said Coach Holland.

# Raider Gold On Top

Bowman Middle School's seventh grade Gold team erupted for two second quarter touchdowns to go in front of Haggard's Red team Saturday as they went on to win 20-8.

The first score in the game came on a sweep by Haggard's Jimmy Garcia. Cole Ferrell added the two-point conversion to put Haggard in front for the only time during the game.

Then Bowman's answer

to 'Alexander the Great' took to work in the person of Jack Alexander. Alexander scored all three Bowman touchdowns and added 155 yards rushing.

The first score came on a 30-yard run capping a 74-yard drive by the Raiders. Kevin Mccracken added the two-point conversion and the score was tied 8-8.

Later in the quarter Alexander got his second touchdown on a 17-yard run.

This run capped a 52-yard drive. The conversion try failed.

In the third quarter the Raiders, leading 14-8, got their final touchdown on a 33-yard run by Alexander. Again the conversion failed but the damage was already done as the Raiders turned in a 20-8 whipping.

Standouts for the Raiders were Alexander, Mike Biggs, Mccracken, Wayne Pulcher, Grant Gunter, Marcus Pearce, Tate Strickland, Rich Davis, Brian Burch, Mark Jenkinson, and Mike Moore.

"Our defense just kept doing what they know best, causing the turnover," said Coach Segars, "our offense is a ball control type offense, which scores few points on long drives. The team overall, played their finest game of the year."

## Allen Eagle Seventh Ties Red Oak, 8-8

Trailing at the half 8-0, Allen's seventh grade Eagles scored a touchdown in the third quarter in a tough defensive ball game to wind up in a tie with Red Oak Thursday night, 8-8.

Allen finished with 72 yards total offense as they committed four turnovers.

Mike Robertson passed seven yards to Matt Burnside for the Allen touchdown. Robertson then connected on a conversion pass to Jody Reeves for the two points which tied the game.

Red Oak's lone score came in the first quarter on an 11-yard run

# Dorsett Reflects On Pokes

## Admits Intricacy Of Dallas Offense

By MIKE RABUN  
UPI Sports Writer  
DALLAS (UPI) — Tony Dorsett had heard all about the intricacy of the Dallas Cowboys offensive system, but he admits he was not prepared for what hit him when he arrived at training camp last summer.

“People were always talking on television about how tough it was to learn with the Cowboys,” Dorsett said Monday. “But I sure didn’t think it would be as tough as it has been.”

“I remember one day in camp a bunch of the rookies were walking out of a meeting and we were all saying, g’wow, this is like going to a calculus class.”

“I kept forgetting things I was supposed to know because there was so much to learn at the next meeting.”

Dorsett now has passed the halfway mark in his rookie NFL season, has scored six times, has a spot among the 10 ten NFC rushers and he finds nothing to gripe about. In fact, he says he wasn’t doing his share of the work in training camp despite a knee injury that slowed his progress.

“I think I’m coming along well in the system,” he said. “My main trouble was that I got nonchalant in training camp when I was hurt. I guess subconsciously I thought I didn’t need to work. I wasn’t doing my studying like I should have been.”

“I had never been injured before and I just didn’t feel a part of the team. It seemed like when I was hurt the coaches didn’t care about me, but I finally realized they had a lot of other things to do.”

Dorsett has been platooned all season with veteran running back Preston Pearson and he says that’s fine with me.

“I’m not complaining about my playing time,” he said. “I know I’m still learning the system. But I’m getting to the point now where I can run with reckless abandon.”

“Before now I was thinking about the count and thinking about when to shift and just hoping Roger (quarterback Roger Staubach) didn’t call an audible. All of that took away from my style of play.”

“But now I’m getting back to the way I was running at Pittsburgh. I’m running on instinct.”

Despite Dallas’ eight straight wins, Dorsett thinks the Cowboys are a long way from being as good as they can be offensively.

“Overall we didn’t play a good game on offense against the Giants (in a 24-10 win Sunday). Roger’s passing game has been good all year, but we have not run the ball consistently.”

“In fact we haven’t played a totally sound offensive game all season. If there is going to be a sound game, though, I think next Monday night would be a good time to have it.”

The Cowboys take on the St. Louis Cardinals next Monday and Dorsett, despite his rookie status, realizes the St. Louis games are something special.

“When we played Washington and St. Louis the first time I could see the extra intensity the veterans had during practice.”

“I’m sure it’s going to be the same this week.”

## 13-AAAA Round-Up

# Plano Wildcats Regain Playoffs

Plano Senior High regained a berth in the Class AAAA state playoffs after a one year sideline seat with a 28-6 thumping of the Denison Yellowjackets Friday.

Plano held a hold on the District 13-AAAA crown from 1972 through 1975. However, Plano lost the crown in 1976 to Sherman, who was expected to win the title again this year.

Plano finished the regular season with their win at Denison leaving a 8-1-1 record. Plano will play the winner of District 14-AAAA in the bi-district playoffs either Friday, Nov. 18 or Saturday, Nov. 19. Longview and Lufkin are in contention for that crown and the two teams meet this Friday.

Plano has an open date this week to prepare for the bi-district playoffs. All eight other district teams will be playing their final games this week.

1977 has proved a season of frustration for the Sherman Bearcats. If they win Friday over Richardson, it will be their second season in a row to go unbeaten.

In 1976, Sherman didn’t lose any games but tied Plano 13-13 and also tied Temple in the playoffs. This year, their only blemish is a 14-14 tie with Plano which cost them the district’s representation rights in the playoffs.

Sherman has not lost a football game

since Plano beat them 17-8, Oct. 24, 1975. If Sherman beats Richardson this week, that will be their 25th game in a row without a defeat with one district championship to show for it and that in 1976.

Sherman and Plano will be co-champions of the district if the Bearcats beat Richardson. However, due to a statistical edge in the tie with Sherman earlier in the year, Plano will advance to the playoffs.

In other games this week, Denison and Denison will square-off, Paris and Berkner will play and Greenville will take on Pearce.

# Crazy George: Professional Cheerleader Attributes Popularity To ‘Fantastic Knees’

KANSAS CITY, Mo. (UPI) — Crazy George, a 33-year-old balding professional cheerleader, attributes his popularity to his knees.

George, who hesitates to disclose his full name, travels the country beating his drum at sports events and doing stunts that have earned him his nickname. His customary outfit consists of cut off jeans and a jersey.

“I have fantastic knees,” George said. “That’s why I have to wear cutoffs at all the games. The fans yell because of my knees.”

He claims he makes as much as \$500 per game — plus expenses — as a cheerleader and said he is the only professional cheerleader of his kind that he knows of in the United States and Canada.

George was at his best Sunday commanding the yells of fans attending Kansas City’s 20-10 victory over the Green Bay Packers at the Chiefs’ stadium. The cheerleader walked beat a drum as he walked among the fans.

Standing up on a vacant seat, George receives attention by beating the drum and then goes into his act. His favorite yell is “GO” — which has fans yelling the cheer by sections. On occasion he has distributed hundreds of paper bags to fans who blow them up and on a cue from George pop them.

For George, though, it’s not all fun and games. He says he earns his fee, running around stadiums in 20-degree football or cold ice hockey rinks clad only in cutoffs and a jersey. And often, he claims, he is forced to grab a plane and lose sleep just so he can make it to the next contest.

George, who is a Denver resident, doesn’t see his cheerleading antics as a lifetime career however. He said his heavy pace, which he said currently takes him to 80 games a year, will force him into retirement at age 40.

Crazy George, who began his yelling in college at San Jose, says retiring at that age would give him time to enjoy his 50-foot sailboat and other hobbies, which include hang gliding and canoeing through rapids.

# Banks Takes 1st In 9:59.0

Rick Banks finished first in a 12-team field Saturday in the North Mesquite Cross Country Meet at Norback Park at White Rock Lake.

Plano didn’t qualify for team standings although several members ranked high.

Banks finished in 9:59.0 for the two-mile layout. Matt Connelly was 25th in 11:00.0 and Robert Purnell was 32nd in 11:24.0. Greg Smith was

44th in 11:43.0. Jerry Close was Plano’s fifth man in the race but he fell and twisted an ankle.

Each team had to have five finishers to be listed in team standings. North Mesquite won the meet.

In the Junior Varsity division, Ed Cormack of Vines was 27th in 12:07 and Wayne Ruck, also of Vines, was 38th in 12:33.

Jay Bellar of PSHS was 33rd in 12:19, Phil Ozzane was 41st in 12:07, Steve Welch was 62nd in 13:44 and Larry Reagan was 65th in 14:06.0.

Plano’s next meet is with North Mesquite and 10 other teams at Norback Park Saturday at 10 a.m.

# Mrs. Charles Stanley Wins Football Contest

Mrs. Charles Stanley of 3305 Erwin Dr. missed five games to capture first place in the Daily Star-Courier football contest last week.

Mrs. Stanley will receive \$25 for her efforts.

Second place and \$15 was won by Tony Koiner of 1913 Meadowcreek. Tony missed

five games also but was edged on the tiebreaker by Mrs. Stanley.

Brian Smyers of 3301 Canterbury Dr. also missed five games but his tiebreaker score dropped him to third place and \$10.

Winners may pickup their checks at the Daily Star-Courier located at 1301 19th St.

# Rice Suspends Wes Hansen

## Sports Briefs

HOUSTON (UPI) — The Rice Owls Monday tried out two kicking prospects to replace Wes Hansen who was suspended from the team for the remainder of the season by Coach Homer Rice.

The coach opened the practice session to candidates and worked with junior Doug Canter, a member of the Rice soccer team who kicked for the Owls once last season, and George LeBus, a freshman who was a kicker in high school.

Hansen was suspended last week for undisclosed reasons and the Owls were forced to try two-point conversions last Saturday in their loss to Southern Methodist.

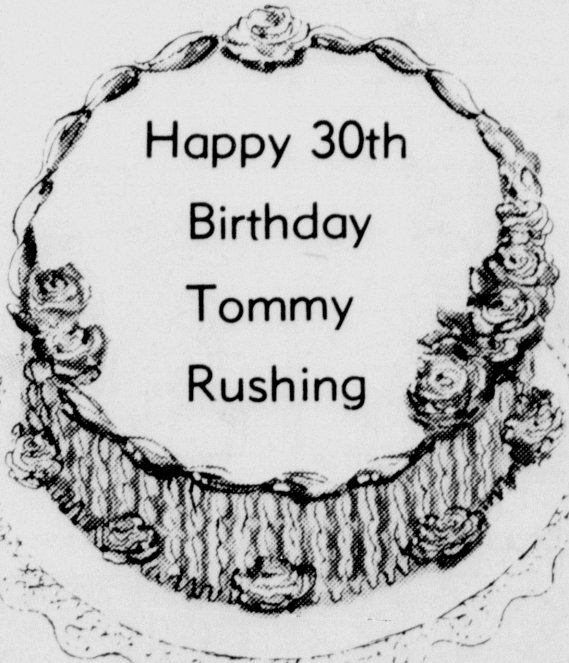

AUSTIN, Texas (UPI) — Quarterback Randy McEachern, who came off the bench to lead Texas to the No. 1 spot in the nation, will miss Saturday’s game with Texas Christian because of a knee strain, Longhorns Coach Fred Akers said Monday.

McEachern, a junior who had only a few plays of experience, took over early in Texas’ third game of the season — a victory over Oklahoma — when the Longhorns’ first two quarterbacks were injured.

Akers said he hoped McEachern would be healthy for Texas’ Nov. 19 game against Baylor.

Akers worked Monday with freshman Sammy Ansley of Cypress-

Fairbanks as the firstteam quarterback and Rudy Izzard, a junior defensive back who has not played quarterback since high school, and starting safety Ricky Churchman as backups.

Oxalic acid removes rust

By Polly Cramer

POLLY'S PROBLEM

DEAR POLLY—For the past few months my sheets and towels have been spotted with rust after laundering. Is there something I can do to prevent this and something else I can use to remove it?

I use a sponge in the bathroom as a soap dish and at the end of the day there is enough soap in the sponge to launder my nylons and or wash out the sink.

I use a vegetable brush to clean off graters and colanders and also to remove corn silks from corn on the cob. — LEE.

DEAR LEE—Carefully examine your washer as there may be something in it that causes these rust spots. To remove such stains from washable fabrics wash in warm suds, rinse well and if stain persists use a 5 percent oxalic acid solution for a fifteen minute soaking. Caution — this is poison and should be handled with extreme care. Rinse three times and if needed a few drops of household ammonia can be added to the last rinse. The proportion of oxalic acid to water is one teaspoon crystals to a cup of water.

Dampening such spots and then applying lemon juice and salt may also do the job. Put in the sun to dry and rinse well. — POLLY.

DEAR POLLY—One of the readers wanted to know what she could do to make the slippery soles on her shoes less slippery. Being notorious for breaking bones I have to be very careful and when I buy a pair of shoes with plastic soles I smear on that milky white all-purpose glue and then sprinkle table salt on it. When dry this gives a rough surface. To avoid sliding off sling back pumps I put a piece of moleskin on the inner sole under the heel. Hope this helps Ida. — ELINOR.

DEAR POLLY—I work where there is water on the floor some of the time so to correct slippery soles on my shoes I use non-skid pads such as one uses in the bathtub to keep from slipping. This has worked fine for me. Such pads can be bought at the dime store but be sure to follow the instructions on the package. — MRS. R.C.D.

DEAR POLLY—I would like to tell of my Pet Peeve. I do not mind advertisements for products being included with bills and occasionally purchase some things so advertised, BUT I detest the ones that have to be torn off before I can seal the envelope. I rarely buy a product that is advertised that way even though I may be interested in it. — THELMA.

DEAR POLLY—I used to be one of those ladies who are constantly having to dig in the drawer or keep folding socks for the men in the family. Now I put a rubber band around a pair of socks after they have been folded once so they are stacked neatly and there is no more hunting for socks that may be buried under everything else. Also they do not get so stretched out of shape. — CAROLYN.

ASTRO-GRAPH

Bernice Bede Osol

For Wednesday, Nov. 9, 1977

That brass ring that has been so elusive will not escape your grasp this coming year. You may now obtain what has been so near and yet so far.

**SCORPIO** (Oct. 24-Nov. 22) This is a day when you can take everything in stride. Without looking for anyone to throw down the gauntlet, you would welcome a challenge. Find out more about yourself by sending for your copy of Astro-Graph Letter Mail 50 cents for each sign and a long, self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, N.Y. 10019. Be sure to specify your birth sign.

**SAGITTARIUS** (Nov. 23-Dec. 21) Occasionally you tend to blurt things out without thinking. Today, you'll restrain yourself to avoid betraying a confidence.

**CAPRICORN** (Dec. 22-Jan. 19) This is a fortunate day, because most people you deal with, both on personal and business levels, want to do you favors.

**AQUARIUS** (Jan. 20-Feb. 19) Important achievements are possible now, particularly if you take pride in your work. You'll get what you want by keeping your shoulder to the wheel.

**PISCES** (Feb. 20-March 20) Things have a way of working out to your ultimate benefit today. Others will pitch in to help make it all possible.

**ARIES** (March 21-April 19) Don't take for granted the one you love today. If you've been ignoring him or her, show your care by trying a little tenderness.

**TAURUS** (April 20-May 20) Traditional values or customs, always important, are more so today. Actions on your part along these lines will be extra pleasing to your family.

**GEMINI** (May 21-June 20) Forget about experimenting with untried procedures in your work today. Time-tested methods will produce the best results.

**CANCER** (June 21-July 22) The speculative venture most profitable for you today is the one you have to put the least into to get the greatest return.

**LEO** (July 23-Aug. 22) That you take your obligations and responsibilities very seriously today gains you added respect and admiration from loved ones.

**VIRGO** (Aug. 23-Sept. 22) A secret admirer who has previously not shown any sign of his or her true feelings today may give you an overt indication.

**LIBRA** (Sept. 23-Oct. 23) There are still a few obstacles in the path of something for which you've worked long and hard. Today's events could remove at least one of them.

SECOND PRIZE \$15<sup>00</sup>  
THIRD PRIZE \$10<sup>00</sup>

### CONTEST RULES

Listed at the bottom of each advertisement on this page are games to be played during the coming weekend. Using the accompanying entry blank or a reasonable facsimile, list the team which you believe will win that game by the corresponding numbers. If you believe that game will be a tie, write tie in the blank instead of the name of either team. In the separate "Tie Breaker" game you must predict a score of that game. The tiebreaker is used only if there is a tie in the regular contest. One entry per contestant may be submitted, however, each member of a family may enter. Only one member of a family may win in any given contest. Submitting an entry is agreement that all decisions of the judges is final. When using a reasonable facsimile, entry blanks may not be machine reproduced. Only hand drawn blanks depicting the original blank are acceptable. All entries become the property of the Plano Daily Star-Courier and will not be returned. Entries must be received in the Star-Courier or be postmarked by 3 p.m. Friday preceding the weekend of the games. Winners will be announced in the following Tuesday's Star-Courier.
